CLASS DESCRIPTIONS

LES MILLS

- **Barre** – Strengthen, tone, and lengthen your muscles with Barre at the Y! This low-impact group fitness class combines elements of ballet, Pilates, and strength training to improve posture, flexibility, balance, and core strength. Using small, controlled movements and high repetitions, Barre delivers a full-body workout that is both challenging and energizing for all fitness levels.
- **BodyBalance™** – This is a yoga, Tai Chi and Pilates workout that builds flexibility and strength, leaving you feeling centered and calm. It will help improve joint flexibility & range of motion, increase your core strength and reduce your stress levels. A new BodyBalance class is released every 3 months with new music and choreography.
- **BodyCombat** – A high-energy, non-contact martial arts-inspired workout program created by Les Mills, where you punch and kick your way to fitness, drawing from various martial arts disciplines like karate, taekwondo, boxing, Muay Thai, Capoeira, and Kung Fu.
- **BodyPump™** – Welcome to the original barbell class that strengthens your entire body. This 60 minute workout challenges all of your major muscle groups by using the best weight room exercises like squats, presses, lifts and curls.
- **Chair Yoga:** A gentle, accessible yoga class using a chair for support to improve flexibility, mobility, and relaxation. Ideal for all levels, especially those looking for a low-impact practice.
- **Core and More:** Focus on strengthening your core while incorporating functional exercises for balance, stability, and total-body strength. Great for improving posture and everyday movement.
- **Forever Fit** – A class designed for the active older adult but all ages are welcome! It includes low impact aerobics, dancing and stretching. This class helps keep muscles and bones strong and increases the participants' balance, coordination and range of motion. Enjoy easy-listening music and line dance steps.
- **Movement Improvement** – This class is specific to the population living with neurological disorders, such as MS, Parkinson's, RA, etc. It will be a safe exercise environment with goals of increasing range of motion, improving strength & balance and socializing with others to gain better physical & neurological abilities. This class is a lot of fun!
- **Outdoor Bootcamp** – This high-energy group fitness class combines strength training, cardio, and functional movements in a fun and motivating outdoor environment. Designed for all fitness levels, participants will build endurance, improve strength, and stay challenged through team-based workouts, circuits, and bodyweight exercises. Fresh air, great community, and full-body results, all in one class!
- **Pilates** – A challenging, low-impact workout that targets deep core muscles, strength, and control using mat-based movements and light weights. Expect slow, precise exercises that build endurance, improve stability, and leave you feeling strong from head to toe.
- **Queenax** – A functional training workout that wraps strength training, agility, core, and plyometrics together for one fantastic workout. This class is designed for people of all physical abilities, with modifications and alternative moves guaranteed to make you successful.
- **Rhythm in Motion** – This low-impact class will use line dancing and other popular dance songs to make your workout fun! Dancing can improve strength and stamina along with reducing stress. Cowboy boots are optional!
- **Silver Sneakers** – Have fun & move to music through a variety of exercises designed to increase muscular strength, range of movement & activity for daily living. Hand-held weights, elastic tubing with handles and a ball are offered for resistance. Chairs are used.
- **Spin Bootcamp** – A high-energy workout that combines cycling intervals with off-the-bike strength and cardio exercises for a full-body challenge. Build endurance, power, and overall athletic performance.
- **Yoga** – This class incorporates simple flowing sequences to warm up the body and slower pace movements to focus on improving alignment, strength, balance, and flexibility. Yoga poses may be modified to individuals' needs. No prior yoga experience required.
- **Zumba** – An aerobic fitness program featuring movements inspired by various styles of Latin American dance and performed primarily to Latin American dance music.
